

Initial tryout placements are now posted as we begin our 4 weeks of opportunity! This period allows athletes to grow, push their limits, and show consistency in the skills demonstrated at tryouts. Group placements may shift as athletes progress, and consistent attendance is key to ensuring every athlete has a fair and equal chance before final teams are built. If your athlete completed flyer evaluations but did not complete a tumbling evaluation, they will not yet appear on a placement list and must schedule a tumbling evaluation to be placed accordingly. For any placement-related questions, please email Trey at Trey@prodigyallstars.com.
